

GET CULTURALLY AHEAD WITH PRIMALORE FIVE: ELECTRIC SEX SCREWDRIVERS

Tired of faux-underground art slop? Looking for something unrelentingly authentic? Then grasp your chance to acquire PRIMALORE FIVE, the next-level formula engineered for peak metabolic ecstasy and cognitive wildery. Unconvinced? Then check out the following quotes that haven't been written by these famous people about PRIMALORE FIVE:

"PRIMALORE FIVE is an essential antidote to the ludicrous farce that is existence. It refreshes your soul so that you can hang around and do with dignity, decency, enthusiasm, sexual perversion, alien penetration and Alan can you just hold my uterus as I balance this table?" -----BURT REYNOLDS

"PRIMALORE FIVE is one of the funniest things I have ever read. The bumbling pomposity, the childlike innocence, the spiralling smuggler aesthetics, sheer outrageousness and self-effacing hesitance of carousing a cracked map. I never thought I'd see such disgusting filth again. Excuse me as I'm off to the toilet for a slow, refreshing Tommy Tank" -----GENE WILDER

"PRIMALORE FIVE isn't yet another small-press publication crying in the wilderness. It's the distillation of everything extraordinary from funhouse mirrors to wasteland pornography with zero grit or aftertaste. Since taking PRIMALORE FIVE my whole being has been transformed like a psychedelic butterfly after the autumn rain. I've found that if you grind up page 23 and mix it half and half with free-range egg yolk powder it triggers the most ancestral and absorbable liberty forms" -----CLARE "THE BUZZ" BAKER

"PRIMALORE FIVE has the odour of a penetrated rectum or an overdose of time-travel. Unlocking doors of defecated tortoise flesh and testicular dreams of pissing in testosterone-fuelled toilets. A brain stimulant for the spastic masses of Planet Earth with no mercy for its rulers, assisting like a single glove left on an old wall, an arch-crafted unusual vision that is two-thirds Salvador Dali to one-third Hieronymus Bosch" -----COLIN WELLAND

"PRIMALORE FIVE charts the utter hopelessness and incompetence of modern life in the first quarter of the 21st Century. That is why I believe PRIMALORE FIVE has done nothing to diminish my admiration for Mark Reeve and Dr Adolf Steg as saviours of the universe" -----MARY MILLINGTON
