The Spook Press presents a multi-levelled collection of collage works by the Dutch artist-initiate Frits Jonker, exploring the curious paradigm of “synchromysticism”. Know that, before publication, several pieces of the jigsaw were altered by a mysterious unseen hand, which does lead us to believe that a foreign, secret message of esoteric import may now lurk herein. Should you discover its meaning, or any other concealed truths contained in this book, please inform the Spook Press immediately.

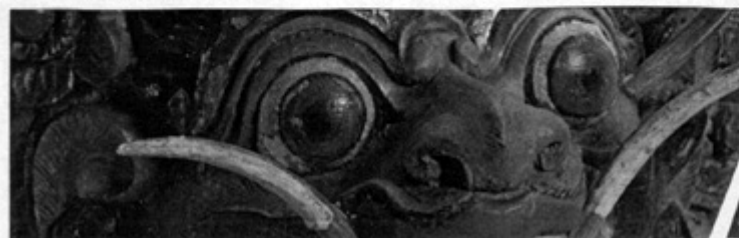

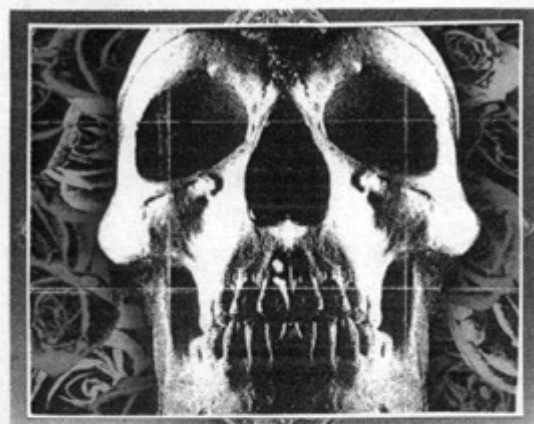

mind the gap

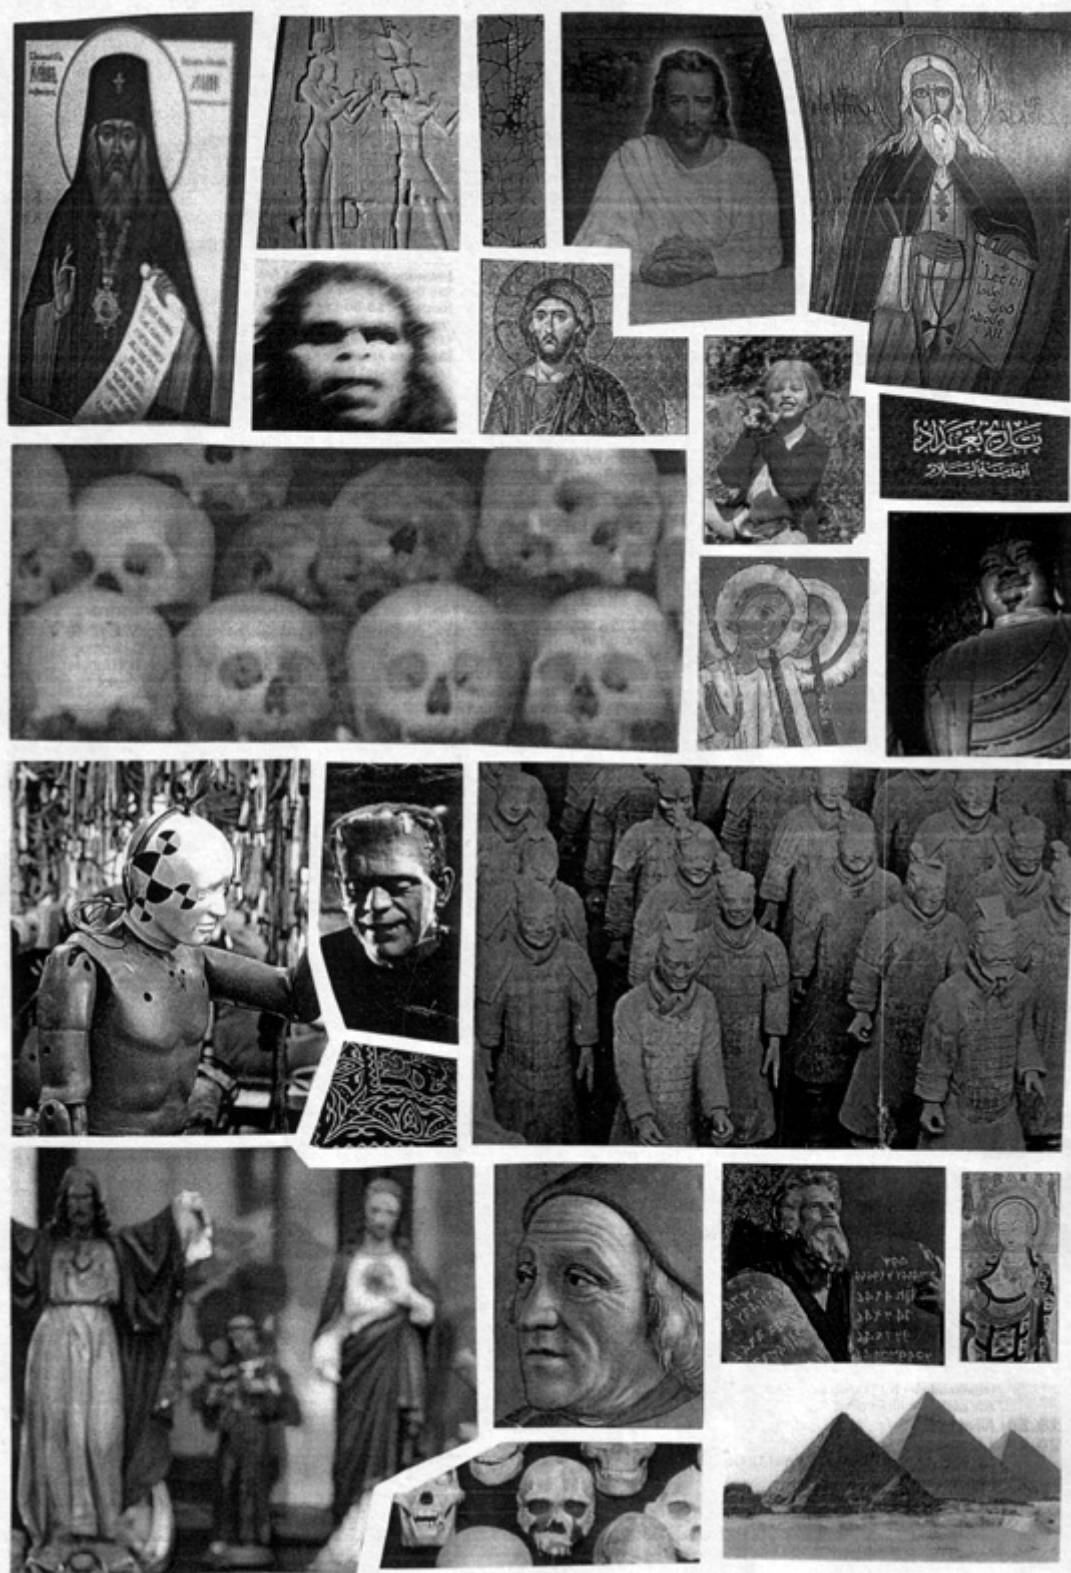

No such thing as
a stupid idea.

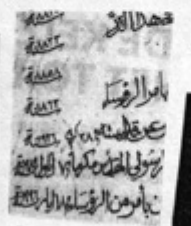

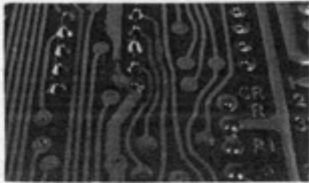

天的市场

"Is it a coincidence that your life resembles paperback fiction?"

THE
SURE
HAND
OF
GOD

Be afraid, for He
is coming.

Be afraid, for He
is coming.
